

ImuChartManager::eventFilter

```
graph LR; A[ImuChartManager::eventFilter] --> B[ImuChartManager::adjustAxisLabels];
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text "ImuChartManager::eventFilter". A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "ImuChartManager::adjustAxisLabels" on the top line and "Labels" on the bottom line.
